## EDUCATION

---

### Chandigarh University

Master of computer application

Punjab

Aug 2023 – Jun 2025

### Patliputra University

Bachelor of computer application

Bihar

Apr 2020 – Apr 2023

### Shatki Shanti Academy

Class 12<sup>th</sup>

Bihar

Apr 2019 – Apr 2020

## EXPERIENCE

---

### Frontend web developer Internship

ETM Bikes, Patna

Jan 2023 – June 2023

Remote

- Completed a 6-month remote internship at ETM Bike, developing responsive and user-friendly interfaces using React, Tailwind CSS, HTML, and JavaScript.
- focusing on UI enhancements and performance optimization. Improved the website's design, speed, and usability, making it more interactive and easier to use.

## PROJECTS

---

### AI Mock Interview website

- Developed an AI Mock Interview Website using React, Node.js, and AI models to simulate real interview scenarios.
- Integrated AI-powered Q&A and feedback system to help users practice and improve their interview skills.

### Food Delivery Website

- Developed a responsive food delivery website using React, CSS with a dynamic backend using Node.js and MongoDB.
- Features like User authentication, menu listing, food ordering, payment integration.

### Age Calculator (Python, Tkinter)

- Developed a GUI-based Age Calculator using Python and Tkinter.
- Implemented date input validation and age calculation logic using the datetime module.
- Designed an interactive interface with dynamic result display and user-friendly input fields

### Student Database Management System.

- Built a simple web app using React, Node.js, and MySQL to manage student records.
- Implemented CRUD operations to add, update, delete, and retrieve student data.

### Clone Websites

- Created responsive clones of popular websites using HTML, CSS, JavaScript, and React, focusing on UI/UX and functionality.
- Used Tailwind CSS and React features to make websites fast, interactive, and mobile-friendly.
